Please ask us about Ticketmaster email data, insert opportunities and advertising opportunities.

Fresh Data:

Ticketmaster data is collected from their customers when they buy event tickets, either online or by phone. Established in 1976, Ticketmaster is the world's leading live entertainment ticketing and marketing company; in 2007 Ticketmaster sold more than 141 million tickets on behalf of its clients. The file is updated monthly, with every record PAF verified and MPS cleaned. Incomplete records are removed, along with any that have provided a business or overseas address.

Counts and Data Delivery:

We always aim for efficiency at TRG Strata. If you work to tight deadlines then we will work to tighter ones, getting accurate counts and data to you on time. Generally we advise allowing 24 hours for basic counts (48 hours for previous order exclusions or more complex counts), and 3 days for data delivery. If, however, your counts or data needs are more urgent, please give us a deadline and we will do everything possible to meet it.
